Dear Sir:

**TERMINAL DISCLAIMER TO OBVIATE ANY DOUBLE
PATENTING ISSUE (37 C.F.R. 1.321(b))**

Interest of Entity Making This Disclaimer

Under the original assignment (a copy of the assignment is enclosed herewith), Finnigan Corporation was assigned the entire interest in this application and U.S. Patent No. 5,811,681 over which this terminal disclaimer is being filed. More specifically, the present application is a continuation of U.S. Patent Application Serial No. 08/639,694, filed April 29, 1996 by Leroy Braun and Jack Foreman, entitled "Multimedia Feature For Diagnostic Instrumentation," which issued as U.S. Patent No. 5,811,681 on September 28, 1998. As seen from the attached Assignment, rights in this application were assigned to Finnigan Corporation.

Thermo Finnigan L.L.C. is now the successor in interest to Finnigan Corporation and all of the above-referenced patent rights by virtue of a name change and conversion that occurred on October 25, 2000, as evidenced in the attached corporate documents.

Disclaimer

Thermo Finnigan L.L.C., hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of U.S. Patent No. 5,811,681 and hereby agrees that any patent so granted on the above-identified application shall be enforceable only during such period that said patent is commonly owned with U.S. Patent No. 5,811,681, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee and its successors or assigns.

It is to be understood from the foregoing language that Thermo Finnigan L.L.C. does not disclaim any terminal part of any patent granted on the above-identified application prior to April 29, 2016, even if the effective life of said U.S. Patent No. 5,811,681, is shortened by a subsequent event (such as, for example, failure to pay a maintenance fee, a court or Patent Office ruling, or a disclaimer by the Patentee).

Fee Status (37 C.F.R. 1.20(d))

Please charge any fees to the deposit account of Akin, Gump, Strauss, Hauer & Feld, L.L.P., Account No. 01-0660.

Evidentiary Statement

The evidentiary documents accompanying or referred to in the Terminal Disclaimer have been reviewed by the undersigned and it is certified that to the best of the assignee's knowledge and belief, both this application and U.S. Patent No. 5,811,681 is commonly owned by Thermo Finnigan L.L.C. The person signing below is empowered to sign this disclaimer on behalf of Thermo Finnigan L.L.C.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Michael Rocco Cannatti". The signature is fluid and cursive, with the first name "Michael" being the most prominent.
